### Disabled Parking Facilities (Blue Badge Scheme)

A standard parking permit for people with disabilities has been adopted by the member states of the European Union (EU). If already issued with the new blue EU disabled parking permit, there is entitlement to similar parking concessions in all EU member states. Parking concessions differ depending in which EU member state you are located.

For those BFG personnel with a UK residential address, an EU disabled parking permit can be obtained through the appropriate UK local authority social services department, nearest to such an address.

If however personnel in BFG do not have a UK residential address, application forms to obtain disabled parking facilities within Germany can be obtained by contacting:

Jurisdiction Process Branch  
British Forces Liaison organisation (Germany)  
British Forces Post Office 40  
JHQ Mil 2497 or 02161 4722497

Jurisdiction Process Branch is quite happy to assist applicants through the application process.
