

## Free ADHD Fact Sheet

A free Fact Sheet is now available for parents whose children have Attention-Deficit/Hyperactivity Disorder (ADHD).

Dr Peter Gardner, co-founder of Appleford School (a specialist school for children with dyslexia and related learning problems), says the condition may be more prevalent than first thought.

Between 3% and 7% of school children could have Attention-Deficit/Hyperactivity Disorder (ADHD), according to one of the UK's foremost authorities.

ADHD refers to children, young people and adults whose behaviour appears impulsive, overactive and/or inattentive to an extent that is unwarranted for their developmental age and is a significant hindrance to their educational and social success.

The free Fact Sheet is available by writing to: "ADHD Fact Sheet", Appleford School, Shrewton, Salisbury, Wiltshire, SP3 4HL, calling: 01980 621020 or e-mailing the school at: [factsheet@appleford.wilts.sch.uk](mailto:factsheet@appleford.wilts.sch.uk)
