

## Cotswold Centre - The Army's Best Kept Secret

The Cotswold Centre offers short-term accommodation for Service members and their families. There are chalets, bungalows and modernised flats; all are fully furnished and equipped for the needs of a family.

The centre can be of benefit to families experiencing marital separation, giving the family time to seek more permanent accommodation. The site has a play park, primary school, a resident nurse and a doctor who will visit the centre twice a week. It could be just the solution for families during the very stressful time of a marriage breakdown, when a safe and comfortable environment for the family may be needed.

The Cotswold Centre is also available to book for accommodation in between postings, following discharge or if you simply fancy a few days away from it all! As the centre is just 7 miles from Bath, it is a very appealing alternative to staying with relatives and the rates are very reasonable!

The Services Cotswold Centre has a new website - [www.servicescotswoldcentre.mod.uk](http://www.servicescotswoldcentre.mod.uk)

You can now download a booking form from the site or book by calling 01225 810358. It has links to the local school there, as well as links to other relevant agencies.
